by Donivan L

The mission San Diego de Alcala was founded in 1769. It was the very first out of 21 mission founded by father Junipero Serra. It is located on 10818 San Diego Rd in San Diego. It was founded because Spain wanted to take California for themselves and to teach Christianity. This mission had to be rebuilt 2 times and it was founded before all others. It has a “s” and a “d” in its symbol.
