

## Mission Santa Inés

By Kinsey L

Santa Inés was founded on 17th of September 1804. It was the 19th mission out of 21. This mission was founded by Padre Estévan Tápis. It's located in Southern California on 1760 Mission Drive in Solvang, CA. An interesting fact is that the first resident priests were Padres José Rumualdo Gutiérrez and José Antonio Calzada. Another interest fact is that the founding father was Fr. Estévan Tápis. Also, in the back of Santa Ines there's a small cemetery that holds 1,700 bodies. Santa Ines is very interesting and I think I'm lucky to be studying it.
