

Santa Ines

By Lidia

The mission Santa Ines is the 19 of 21 missions. It was found in 1804 by Father Estevan. The Santa Ines Mission is located on 1760 Mission Dr., Solvang, CA. In which they claimed the land in the name of Spain. They wanted to take a lot of land which became theirs. The house was 200 years old and survived the huge earthquakes. It got distorted. They build it again. It is not my favorite mission.
