

La Purisima Concepcion by Alexa

The mission La Purisima Concepcion is the 11th mission of 21 missions in California. It was founded in 1787 by Father Lausen. It is located at 2295 Purisima Road in Lompoc. The mission was founded so they could change their religion. An interesting fact about this mission is that the California existence hunted and used horses, cattle, burros and the four-horned churro. Sheep grazed in the quiet pastures.
